► **MEDICAID WAIVER PROGRAMS**

A Medicaid waiver allows the state to be more flexible in how it spends money to provide some long-term services to some people with disabilities or elderly citizens who are eligible for Medicaid. In the past, people had to be in nursing homes or other large institutions for Medicaid to pay for long-term services. Waivers override certain rules for how that funding can be used. Now, if they meet the eligibility requirements, people can get the services they need in their own homes or other community settings, instead of having to go into a nursing home or an institution. In Texas, there are seven different waiver programs that offer a broad range of home and community-based services to people with disabilities and elderly citizens. There are different rules and funding amounts for each of the different waivers. In general, though, they all help people get the supports they need in the community.

CBA-Community Based Alternatives-Individuals must have a need for skilled nursing care; meet at least two nursing facility risk criteria; be eligible for Medicaid, be age 21 or older. For more information call DADS (915) 775-4560.

CLASS-Community Living and Support Services-There is no age limit for enrollment. To qualify for this service, individuals must have a related condition, be eligible for Medicaid. For more information call 1-877-438-5658.

DBMD-Deaf Blind with Multiple Disabilities-Individuals must be deaf-blind and have another disability that impairs independent functioning; have either mental retardation or a related condition, be eligible for Medicaid and be 18 or older. For more information call 1-877-438-5658.

HCS-Home & Community based Services Programs-There is no age limit for enrollment. Individuals must have either mental retardation or a related condition that results in deficits in adaptive behavior and full scale IQ of 75 or below; be eligible for Medicaid. For more information call (915) 772-4446

MDCP-Medically Dependent Children Program-Individuals must be under 21 years of age, be eligible for Medicaid based on their income and financial resources, meet the medical criteria for admission to a Texas nursing facility, and meet the Supplemental Security Income medical disability criteria. For more information call (915) 775-4533
