MEDICAID WAIVER PROGRAMS

A Medicaid waiver allows the state to be more flexible in how it spends money to provide some long-term services to some people with disabilities or elderly citizens who are eligible for Medicaid. In the past, people had to be in nursing homes or other large institutions for Medicaid to pay for long-term services. If they meet the eligibility requirements, people can get the services they need in their own homes or other community settings, instead of having to go into a nursing home or an institution. Texas has 7 waivers, and each one has its own interest list. Consider adding your child to all the interest lists based on their identified diagnosis and current needs. There are different rules and funding amounts for each of the different waivers. In general, though, they all help people get the supports they need in the community.

All of these programs have a long interest list, the wait time to receive any of these services varies from 8 to 16 years. You need to call immediately to place your child in these interest lists. Visit http://medicaidwaiver.org/state/texas.html for more information.

STAR+PLUS Home and Community-based Services-(HCBS) (previously known as Community Based Alternatives or CBA)-This program provides home- and community-based services to people who are elderly and to adults with disabilities as a cost-effective alternative to living in a nursing home. Individuals must have a need for skilled nursing care; meet at least two nursing facility risk criteria; be eligible for Medicaid, be age 21 or older.
For more information call DADS 1-855-937-2372.

MDCP-Medically Dependent Children Program- The program provides services to support families caring for children and young adults who are medically dependent and to encourage de-institutionalization of children in nursing facilities. Individuals must be under 21 years of age, be eligible for Medicaid based on their income and financial resources, meet the medical criteria for admission to a Texas nursing facility, and meet the Supplemental Security Income medical disability criteria.
For more information call 1-877-438-5658.

CLASS-Community Living Assistance and Support Services- Provides home and community based services to people with related conditions as a cost-effective alternative to placement in an intermediate care facility for individuals with an intellectual disability or a related condition (ICF/IID). A related condition is a disability, other than an intellectual disability, that originated before age 22 and that affects a person's ability to function in daily life. There is no age limit for enrollment.
For more information call 1-877-438-5658.
**DBMD-Deaf Blind with Multiple Disabilities** - This program provides home and community-based services to people who are deaf-blind with multiple disabilities as a cost-effective alternative to institutional placement. The program focuses on increasing opportunities for consumers to communicate and interact with their environment. Individuals must be deaf-blind and have another disability that impairs independent functioning; have either intellectual disability or a related condition, be eligible for Medicaid and be 18 or older. For more information call 1-877-438-5658.

**HCS-Home and Community Based Services Programs** - Gives services and supports to people with an intellectual disability (ID) or a related condition that results in deficits in adaptive behavior and full scale IQ of 75 or below who live with their families, in their own homes, or in small group homes with no more than 4 beds. There is no age limit for enrollment. For more information call (915) 599-6645 Ext 18131.

**Youth Empowerment Services (YES) Waiver**
The YES Waiver is a 1915 (c ) Medicaid Home and Community-Based Services Waiver that allows for more flexibility in the funding of intensive community-based services to assist children and adolescents with severe emotional disturbances to live in the community with their families. Waiver services are delivered through utilizing a strength based process called Wraparound. Waiver services are provided in combination with services available through the Medicaid State Plan, other federal, state, and local programs the individual may qualify for, and the natural supports that families and communities provide. For more information call (915) 599-4937
